

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

INTRODUCTION.

This is one of a number of lists upon topics of current interest which have been compiled to meet requests by letter. So far as it could be distributed at all it has hitherto been distributed in typewritten form. The applications have become so numerous that it has now been reduced to print, so as to be available for more general distribution.

It has no claim to completeness, nor does it even attempt to exhaust the resources of this Library on the subject. Its purpose is merely to present some of the authorities of interest to the general inquirer. The special investigator must, of course, go much further.

A. P. C. GRIFFIN,

Chief of Division of Bibliography.

HERBERT PUTNAM,

Librarian of Congress.

WASHINGTON, D. C., *March 26, 1903.*

REFERENCES ON GOVERNMENT OWNERSHIP OF RAILROADS.

- Acworth, W. M.** The state in relation to railways.
(In Mackey, Thomas, ed. A policy of free exchange, pp. 163-210.
London, 1894. 8°.)
- Adams, Charles Francis.** Railroads: their origins and problems.
New York: G. P. Putnam's sons, 1878. (4), 246 pp. 12°.
- The regulation of all railroads through the state ownership
of one. Speech on behalf of the Mass. board of railroad
commissioners, made before the joint standing legislative
committee on railways, February 14, 1873.
Boston: James R. Osgood and company, 1873. 39 pp. 8°.
- Adams, Henry C.** Relation of the state to industrial action.
[*Baltimore*]: *American economic association, January, 1887.*
85 pp. 8°. (*American economic association. Publications,*
vol. 1, no. 6.)
- Alexander, E. Porter.** Railway practice, its principles and suggested
reforms reviewed.
New York and London: G. P. Putnam's sons, 1887. (2), 60
pp. 12°. (Questions of the day, no. 36.)
A discussion of the railway problem as involving only the principles
upon which tariffs are formed and competition between water
lines and rival railways is conducted. Holds that railway tariffs
must be based upon value of service rendered, and limited by a
reasonable profit upon cost of service and investment employed;
and, also, that stability, publicity, and uniformity of rates can
only exist where there is a community of interest between the
carriers, while such community can only exist under a pool or
under consolidation.
- American economic association.** The railway question. The
report of the committee on transportation of the American
economic association, with the paper read at the Boston
meeting May 21-25, 1887, on "The agitation for federal
regulation of railways." By Edmund J. James.
[*Baltimore, 1887.*] 66 pp. 8°. (*American economic associa-*
tion. Publications, vol. 2, no. 3.)

- Baker, Charles Whiting.** Monopolies and the people.
New York and London: G. P. Putnam's sons, 1889. xv, 203 pp. 12°. (*Questions of the day, no. 57.*)
- *Same.* 3d edition, revised and enlarged.
New York and London: G. P. Putnam's sons, 1899. xxiii, (2), 368 pp. 12°. (*Questions of the day, no. 59.*)
- Barker, Wharton.** The great issue. Reprints of some editorials from The American, 1897-1900.
Philadelphia, 1902. 391 pp. 12°.
 Pp. 32-59 contain editorials headed "Railroad as the master," "Our railroads as oppressors of the honest and servitors of the unscrupulous," "Nationalize the railroads or pauperize the nation," "Railroad monopoly."
- Bolen, George L.** The plain facts as to the trusts and the tariff, with chapters on the railroad problem and municipal monopolies.
New York: The Macmillan company, 1902. viii, 451 pp. 12°.
 "The railroad problem," pp. 44-90.
- Bonham, John M.** Industrial liberty.
New York and London: G. P. Putnam's sons, 1888. ix, (1), 414 pp. 8°.
 "The relations of railways and the 'trust' to industrial liberty," pp. 96-128.
- Railway secrecy and trusts.
New York and London: G. P. Putnam's sons, 1890. 138 pp. 12°. (*Questions of the day, no. 61.*)
- Borgh, R. van der.** Das Verkehrswesen.
Leipzig: C. L. Hirschfeld, 1894. x, 468 pp. 8°. (*Hand- und Lehrbuch der Staatswissenschaften. 1. Abt., 7. Bd.*)
 "Der Eisenbahnverkehr," pp. 273-350.
- Cook, William Wilson.** The corporation problem. The public phases of corporations, their uses, abuses, [etc.]
New York: G. P. Putnam's sons, 1891. vi, 262 pp. 12°.
 "Remedies for the railroad problem," pp. 120-181.
- Dabney, W. D.** The public regulation of railways.
New York and London: G. P. Putnam's sons, 1889. v, (1), 281 pp. 12°. (*Questions of the day, no. 60.*)
 A consideration of the legal and economic aspects of public regulation. Discusses the sources of legislative power and the limitations on it arising, first, from charter contracts, and, secondly, from the private property rights of owners of railways or railway securities. Following comes an investigation of the limitation on state powers arising from the exclusive right of Congress to "regulate commerce among the States." The economic aspects of the question are treated in three chapters, while the last two are on the interstate commerce act and express traffic.

Dixon, Frank H. State railroad control, with a history of its development in Iowa. With an introduction by Henry C. Adams.

New York: Thomas Y. Crowell & company, [1896]. ix, (1), 251 pp. Folded table. Folded map. 12°. (Library of economics and politics, no. 9.)

In four parts. Part 1 outlines railroad history before 1873; part 2 deals with the advisory commission; part 3 with the commission with power, and part 4 presents the author's general conclusions, in which is set forth a comparison between the commissions of Massachusetts and Iowa. An appendix gives the laws relating to the Iowa commission, a list of the Iowa commissioners, 1873-1894, and a table of complaints presented to the Iowa commissioners, 1878-1894. Dr. Dixon asserts that for adequate control of the interstate business Congress must be looked to, "and the solution of this entire question of control must come through a combination of national and state control, and a judicious division of powers," p. 208.

Farrer, Thomas Henry, Baron. The state in its relation to trade. With supplementary chapter by Sir Robert Giffen.

London: Macmillan and co., 1902. xi, (1), 208 pp. 12°. (The English citizen.)

"Railways," pp. 136-146.

Giddings, Franklin Henry. Democracy and empire; with studies of their psychological, economic, and moral foundations.

New York: The Macmillan co., 1900. x, 363 pp. 8°.

"The railroads and the state," pp. 145-156.

Great Britain. *Diplomatic and consular reports.* Miscellaneous series, no. 574. Report on Prussian railways.

London, 1902. 36 pp. 8°.

Hadley, Arthur T. Railroad transportation: its history and its laws.

New York and London: G. P. Putnam's sons, 1885. v, (1), 269 pp. 12°.

Haguet, Henri. Le rachat des chemins de fer suisses et des conséquences.

Paris: Ch. Béranger, 1902. 8°.

Hamon, Frantz. L'avenir de la politique française en matière de chemins de fer, complément à l'ouvrage de M. R. de Kaufmann.

Paris: Ch. Béranger, 1900. (2), 351 pp. 8°.

Hendrick, Frank. Railway control by commissions.

G. P. Putnam's sons, New York & London, 1900. iii, (1), 161 pp. 12°. (Questions of the day, no. 96.)

Contents: Introduction; Railway regulation in France; Italy; Austria; Belgium; England; The United States; The railway regulation of the Massachusetts commission as a guide to American railway control; Switzerland and the state purchase of railways.

Hole James. National railways: an argument for state purchase.
2d ed., with appendix.
